Anchorage, AK 99503 RE: N.S. and ASD and related matters. BY EMAIL ONLY

Dear Meg:

This is in response to your recent note about a motion to intervene.

First, please be assured that Jill and I concur that the originally ordered fees (\$10,800+) belong to DLC, as well as the "fees on fees." The only fees that I will seek will be for the time that I spend on the 9th circuit petition and those fees would be sought from ASD.

REDACTED PORTION

On a related matter, I have yet to get the substitution of counsel form. Kindly sign same and send that along so that I may file it with the Court. By fax is best.

I look forward to working with DLC in a manner that works best for the clients.

Very truly yours,
s/Sonja D. Kerr
